

Michelle Franc Ragsac for VP Finance

I would like to endorse Michelle Franc Ragsac for the position of VP Finance. Michelle has been a consistent and powerful voice on the Finance Committee, frequently delivering insightful comments and clever solutions to potential problems. She is an organized thinker and has helped to keep things in order and on track for as long as I have known her, and has been a fantastic Chair of the Finance Committee this year. Her experience from being on the Finance Committee for multiple years is also a critical asset, as maintaining continuity across this last year is more difficult due to the wild incongruity of both lockdown and the financial transition to Oracle. I strongly believe that Michelle will be a terrific VP Finance and will help to ensure that the return to normality goes smoothly.
